NEW COMMISSION MEMBERS

2021 brings new faces to the Golf and Leisure Services Commissions.

The Golf Commission welcomed Angie Hubbard as a new Commission member in January.

The Leisure Services Commission will welcome a new Commission member in February.

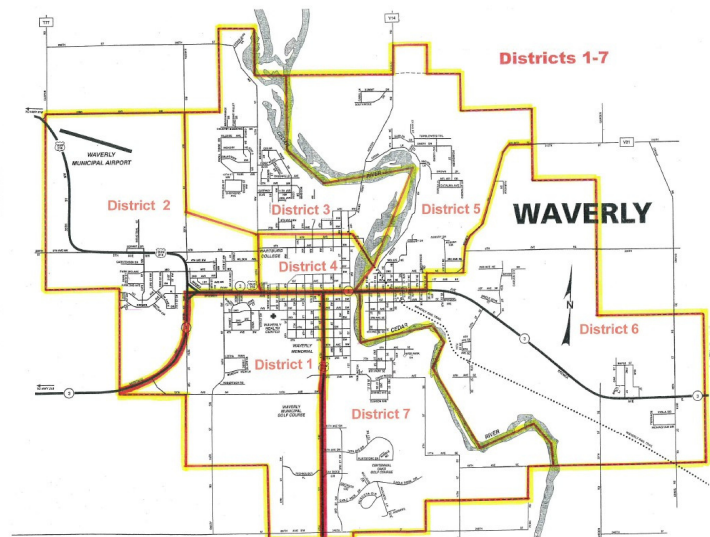

Candlelight Ski CANCELED

The annual Candlelight Ski on the Rail Trail has been canceled for 2021. We hope to bring this fun family event back in 2022.

CITY TREE TRIMMING

City of Waverly Public Services and Leisure Services crews will begin the annual process to trim trees in the City right-of-way for clearance. According to Code, "trees should be trimmed so that all branches will be at least (16) sixteen feet above the surface of the street and at least (8) feet above the sidewalks". City staff has found that stress to the trees is minimal during the winter due to pathogens and pests being less active. Staff has had extensive training in the appropriate method of trimming trees.

City staff has divided the City into 7 districts for the purpose of tree trimming. During this winter, crews will be working in District 3 in the Northwest area of the City. The map below shows the district divisions. If the homeowner wants to do their own trimming of the trees along the street, please contact Waverly Public Services at 352-6247 or Waverly Leisure Services at 352-6263 and crews will skip the address. Trees that are on private property are also covered by the same City code in terms of clearance. The tree work and trimming will occur through March 1.

MEET

Brian Pins

The Leisure Services Commission is fortunate to have some exceptional Commissioners, who are passionate about the present and future of recreation in Waverly. Brian Pins has served on the commission since 2014. He and his family live on the north side of Waverly off of Cedar Lane. They enjoy quick access to the bike trails and the various neighborhood parks each with their own unique characteristics. His wife, Tiffany, works for Wartburg as the Head Women's Soccer coach. They have two young boys Tyler and Luke. Both Brian and Tiffany graduated from Wartburg College in the early 2000's and returned to put down roots in Waverly in 2011. Brian believes that Waverly has so much to offer each season. The trails and parks are great in the summer. The W is available when it's rainy or cold. As their boys are starting to get older, they take advantage of snowshoeing at Red Cedar and sledding at the Golf Course.

Brian continues to serve on the Commission because he really enjoys helping the parks stay current and safe for residents to enjoy the outdoors. He looks forward to the natural evolution of the parks to continue to meet the needs of the community for years to come.

Thank you Brian for your commitment to the Commission and the future of Waverly.
