Located on the East side of 8th St. SE across from the W-SR Soccer Complex is a natural open space prairie named *Red Cedar Park*. Once the site of a yard waste facility, the area was re-claimed and converted to an open woodland savanna in 2010.

This was made possible through and Iowa DNR Resource Enhancement and Protection grant.

In 2011 the Park earned the Governor's Iowa Environmental Excellence Award in Habitat Restoration.

Next time you are in the area, take a walk along the path that travels through Red Cedar and enjoy all this beautiful natural habitat has to offer.
