**What's your earliest library memory?** I remember checking out *Little Women* from the school library at Shell Rock Elementary, where I went to school. It was a huge book to me at the time, and it took me forever to finish! I also remember the rabbit at the Cedar Falls Public Library. Every time we went, I'd get to give it a treat, and I always looked forward to it!

**What would you be doing if you weren't a librarian?** I love museums and art, so I think I'd be working in an art museum somewhere! I got a museum studies certificate in college and always loved working with important pieces of history, large or small.

**What's your favorite section in the library?** I love the picture book section because I can always find so many books that I loved as a kid. I always enjoy it when someone comes up to check out an old favorite of mine. I love to see that kids are still reading them today.

**What's your favorite book (or genre)?** I always find autobiographies especially interesting because you get to see into the mind of the author. I especially like the ones written by artists; I love to learn about their process and techniques.

# 50 States

# 50 Books

How does it work? First, sign up for the program at the Info Desk. Fifth graders and above are eligible. Then, start reading!

Our United States map is divided into regions:

- West (plus Alaska)
- Northern Rockies
- Southern Rockies (plus Hawaii)
- North Central
- South Central
- Northeast
- Southeast

For each of the 50 states, read a book set in or written about that state. As you finish each book, come in and put that state's sticker in your passport. For each region completed, you earn a prize.

Complete the program for a special prize!

Questions? Ask a librarian!

*(Only books read after you sign up for the program will count).*
